The Secretary informed the Committee that in its 9th meeting, held on 1st June 2015, vide Item No. FC: 9:2015:17, Finance Committee had approved the Policy for Centre-wise yearly budget allocation as per the budget heads of the UGC. He also presented, as per the approved policy, the proposed Centre-wise budget allocation for the financial year 2016-17 as placed at **Annexure-15.3**.

Annexure-15.3

The Finance Committee advised that the appropriation of the budget is the prerogative of the Vice Chancellor. The format for allocation of the budget to Centres should be strictly as prescribed by the UGC. The budget heads like salaries and LTC claims which cannot be allocated to individual Centre must be kept in a Centralized budget.

Delegation of Financial Powers should be strictly followed as per the Financial Rules. The department wise purchase of amount less than 15,000/- should not be further split into multiple of such purchases.

RESOLVE

The Finance Committee, after due discussion, **RESOLVED** to approve the allotment of Centre-wise Budget to individual Centres for the financial year 2016-17 with suggested amendments.

Item: FC:15:2016:5

To consider the request of SC/ST students of CUPB for free hostel accommodation.

The Secretary informed that the SC/ST students of the CUPB staying in hostels have requested to provide free hostel accommodation to those SC/ST students who do not receive any external fellowship/grant such as RGNF/MANF/CSIR-JRF/UGC-JRF/Project Assistance etc., with HRA. They have drawn the attention towards the following point of the UGC guidelines of 2006 for "Strict Implementation of Reservation Policy of the Government in Universities, Deemed to be Universities, Colleges and Other Grant-In-Aid Institutions and Centres" (Annexure-15.4):

Annexure-15.4

"11. Admission to Hostel Accommodations:

The percentage of reservation referred under the head 'percentage' shall be strictly observed for admission to the hostels. Additional percentage of seats may be provided for girl students of these communities. No rent shall be charged from the students of these communities."

The Secretary further informed the Committee that the University is following all the guidelines contained in the Reservation Policy of the Government of India, in terms of appointments and admissions. In view of the above guidelines, we are offering hostel to 100% of SC/ST students. However, it is not free of cost.

Further, the University has not received any funding for constructing hostels for SC/ST students.

RESOLVE

The Finance Committee after discussion, RESOLVED to approve the request of the students of SC/ST students, in light of the above referred guidelines of the UGC and allow the University to:

- a) Adopt this relaxation of rent-free hostel accommodation to SC/ST students w.e.f admission of 2016-17 onwards. However, nominal maintenance fee of Rs. 1800/- per semester to cover electricity, water, cleanliness and upkeep charges etc. shall be charged
- b) Refund hostel fee to all SC/ST students who have already paid the same for academic session 2016-17.
- c) Free hostel facility will be provided only for the term of the course and not beyond. Those who want to avail of the facility of hostel subject to availability of accommodation beyond the term will have to pay the full rent as applicable.

Item: FC:15:2016:6

To consider the rule regarding financial assistance for attending Conferences/seminars/ Workshops etc. at abroad by CUPB students.

The Secretary presented the recommendations of Deans' Committee in its meeting held on 12th July 2016, that to encourage the students to participate in the International Conferences and as an incentive, 25% of air fare with maximum Rs. 20,000/- could be provided to the CUPB students once during the course for attending International Conferences, seminars & workshops etc. However, the applicant students have published at least one research paper in peer reviewed journal. Moreover, the supervisor of the student may provide registration fee (partially/ fully) out of his/her contingency fund provided that rules of funding agency permit this. Actual amount of Rs. 1 lakh per year will be allowed for this purpose.

Further, the Secretary informed that the Academic Council in its 12th meeting held on 13th August 2016 vide Item No. AC: 12:2016:14 considered this issue. It was realized that all the funding agencies in India (e.g. UGC, CSIR, ICAR, INSA, MOEF&CC, Biotechnology, DST etc.) consider only those applications where the applicant has been promised partial financial support for travel. Even the organizers of the seminars /conferences abroad prefer to provide travel grant who have partial funding from the Organization/University/Institute.

The Academic Council has suggested that the airfare with maximum Rs. 25,000/- be reimbursed by the University. And the total amount of Rs. 5 lakh per year is recommended for this purpose.

RESOLVE

The Finance Committee deliberated on the recommendations of the Academic Council and RESOLVED that:

- a) Such incentive be allowed only from Internal Resource Generation (IRG).
- b) An incentive of 25% of air fare with maximum Rs. 25,000/- by the University to encourage the students to participate in the International Conferences abroad.
- c) This incentive will be provided only to Ph.D. students of the University, once during the course for attending international Conference/seminars/workshops etc.
- d) The applicant student who has published at least one research paper in peer reviewed journal will be eligible to apply.
- e) Air fare only as per GoI rules be allowed (travel only through Air

- India).
- f) Moreover, the supervisor of the student may provide registration fee (partially/ fully) out of his/her contingency fund provided that rules of funding agency permit this.
 - g) Utilization Certificate be submitted by the Student.
 - h) To allow the University to earmark a corpus amounting to maximum of Rs. 5 lakh for this purpose.

Item: FC:15:2016:7

To consider allocation of budget of Rs. 2, 00,000/- for IPR/Patents from session 2016-17 onwards

The Secretary shared with the Committee that the Academic Council in its 12th meeting held on 13th August 2016, vide Item No. AC: 12:2016:21.1 considered the allocation of a budget of Rs. 2, 00,000/- for IPR / Patents from session 2016-17 onwards.

The initiative is to inspire the young faculty of the University for various research initiatives and for filing patents.

As there is no provision in the Centre's budget or Common budget head for reimbursement of application filling fees etc., for publishing a patent, keeping in view the problems of the faculty and to inspire them, the Academic Council had recommended to the Finance Committee, allocation of budget of Rs. 2,00,000/- for IPR/Patents for session 2016-17 onwards.

RESOLVE

The Finance Committee considered the recommendations of the Academic Council regarding allocation of budget for IPR/Patent and RESOLVED to approve a budget of Rs. 5, 00,000/- for IPR/Patents.

Item: FC:15:2016:8

To consider policy for remuneration to invigilators and supporting staff for duties during recruitment examinations.

The Secretary presented before the committee the recommendations of the committee constituted to consider the policy and proposed remuneration to the invigilators and supporting staff for giving duty in examinations held for recruitment to various posts as per **Annexure-15.5**.

Annexure-15.5

The Finance Committee considered the recommendations and suggested that the remuneration for duties in recruitment examination be fixed as:

	Per day	Per session
Coordinator/Chairman(Exam)	Rs. 1500/- per day or	Rs 1000/- per session
Co-Coordinator	Rs. 1250/- per day or	Rs. 800/- per session
Invigilator	Rs. 1000/- per day or	Rs. 600/- per session
For non-teaching staff	Rs. 1000/- per day or	Rs. 500/- per session
For helper/peon/attendant etc.	Rs. 500/-per day or	Rs. 300/- per session

RESOLVE

The Finance Committee after discussion, RESOLVED to consider the recommendations of the committee constituted for remuneration to invigilators and supporting staff for duties during recruitment examinations.

Item. FC.15.2016:9

To consider the minutes of the 32nd meeting of Building Advisory Committee along with the abstract cost of the building projects, in the prescribed format of UGC, to be held on 14th September 2016

The Secretary presented before the Finance Committee, the minutes of the 32nd meeting of Building Advisory Committee as placed at **Annexure- 15.6.**

Annexure-15.6

The Finance Committee considered the minutes of BAC dated 15th September 2016 for taking up three Works/Projects amounting to Rs. 71.26 crores. The FC noted that only an amount of Rs. 45.10 crores is available with the university to take up the projects. During discussion it was felt that in the situation of shortfall of the funds to the tune of Rs. 26.16 Crores, in this financial year it may be difficult to award the work in anticipation of the next year budget allocation for buildings. It was also realised that if we do not award the work now, the whole exercise will go futile and we will not be able to go ahead with the construction and the funds available this year will have to be returned and as a result because of lack of the space new admissions will suffer. This will be counterproductive for the university growth. Realizing the situation it was suggested that at the moment in this financial year the university has some funds as bank interest. This could be used for the building activities. However, the Chairman and Secretary of the Finance Committee assured that an amount of Rs. 22 crore plus, as on 26th September 2016 is available with the university earned on UGC grants and the university would like to meet the deficit for these building projects through the interest accrued from Plan Grants. FC was also informed that this interest income would further increase and the total interest income as on 31st March 2017 would be sufficient to meet the deficit.

Therefore, the projects under Phase- I B can be assumed to be fully funded. With this information, the FC approved the minutes of the BAC

केंद्रीय विश्वविद्यालय पंजाब
Central University of Punjab

dated 15th September 2016.

Further, FC also recommended that the execution of Projects/Civil Works should be monitored by the Monitoring Committee of the university constituted for the purpose, on a continuing and sustained basis, so as to ensure that execution of these projects is on time and that there is no time and cost overruns.

RESOLVE

The Finance Committee, after discussion, **RESOLVED** to approve the minutes of the 32nd meeting of Building Advisory Committee.

The Committee, **FURTHER RESOLVED**, that the execution of the Project be monitored by the Monitoring Committee of the University on continuous and sustained basis to ensure timely execution of the projects.

Item:FC:15:2016:10

To consider the rate of payment of HRA to Faculty and Staff of the University

The Secretary informed the Finance Committee that, the University, in order to attract the best teaching and non-teaching staff, got approved from the Executive Council in its 4th meeting dated 25th March, 2011 payment of HRA at the rate of 15% of the pay.

Later, as per Punjab Government notification No.4/7/09-2FP1/792 dated 14.11.2011, the HRA for Bathinda was revised to 20% from 15%. In order to keep parity with other institutions of the state government, the Vice Chancellor enhanced the rate of HRA from 15% to 20% of the pay since November 2011.

The Secretary also informed that the audit team that visited the University has pointed out the violation as there is no approval of this enhancement to 20% from the relevant statutory bodies of the University.

The FC categorically stated that rules applicable to Central University are those of the MOF and not that of the State Government.

RESOLVE

The Finance Committee considered the payment of HRA at the current rate of 20% of the pay and **RESOLVED** to not approve the payment of HRA to the teaching and non-teaching staff of the University beyond 10% of pay as per Gol rules for Bathinda. The Finance Committee further **RESOLVED** that the excess

amount paid to the employees may be recovered as per the DoPT guidelines of recovery of excess payments.

Item:FC:15:2016:11

The Secretary informed that a committee was constituted to propose suitable fee for various certificates/transcripts issued to the students, faculty and staff. The meeting was held on 13th September 2016. The minutes of the Committee are placed at Annexure-15.7.

Item:FC:15:2016:12

The minutes of the Committee are placed at Annexure-15.8.

The Secretary informed the Committee that the students of M.Phil. course

requested for re-designing of fee of the course. The students have submitted that M.Phil. is a 18 months program and it is different from other courses offered by the University. Despite this the students have to pay annual fee for second year also which is only a single semester and not full year (third semester).

The Secretary further told that the request of the students was deliberated upon a meeting of the Deans' Committee in detail. It was resolved to recommend to the Committee that for the third semester, half fee be charged for Literary and Cultural Fee, Student Union Fund and Medical Fee from the students of M.Phil. Course.

The half of the three components (Literary and Cultural Fee, Student Union Fund and Medical Fee) comes up to be Rs. 315/- per student and there are 34 students who will be affected by this relief. Total relaxation for all students comes up to be Rs. 10,710/-.

Item No. BAC: 32:2016:2

To discuss the Action Taken Report of the 31st meeting of BAC held on 25th May, 2016.

Resolve:

The Committee noted it (Refer Annexure - B).

Item No. BAC: 32:2016:3

Placing the work order to L1 firm (vide Bidding Document No.: UKM/A372-000-PK-TN-7083/1005) for Civil, Structural, Architectural, Electrical, Plumbing & other Development works (Phase - 1B) for the establishment of the main campus of the Central University of Punjab, Bathinda (Annexure - C).

The committee deliberated on the recommendations of the subcommittee of the Building Advisory Committee given vide its 23rd meeting. The sub-committee noted that EIL has followed the prescribed procedure and recommended award of work to M/s K.S.M. Bashir Mohammad & Sons for an amount of Rs. 68,19,58,917/- plus taxes i.e. below (-) 2.87 percent of the estimated cost put to tender.

The committee asked EIL to present the case to award the construction work of Phase - 1B to L1.

EIL presented their recommendations to allot the tender for Phase - 1B to L1 bidder M/s KSM Bashir Mohammad & Sons amounting to Rs. 68,19,58,917/- plus taxes i.e. below (-) 2.87 % of the estimated cost of tender which broadly covers the Civil, Structural, Architectural, Electrical, Plumbing and External development works of 3 buildings:

1. Transit Hostel
2. UG Hostel (Men)
3. UG Hostel (Women)

Since it was decided in the 31st meeting of BAC that all approved and vetted GFC drawings should be made available to the contractor at the time of awarding the work. It was agreed by PSDA during the 31st meeting of the Building Advisory committee that "Good for Construction drawings" would be provided by 15th July 2016. So EIL was asked to explain the fresh status of "Good for Construction" drawings of Phase - 1B.

The representative of EIL informed the committee that the status of "Good for Construction Drawings" received from PSDA (Annexure - D) as on date is as following:

1. Structural Drawing: 18 out of 74.
2. Architectural Drawing: 25 out of 98.

Further EIL informed that these drawings were insufficient to allot the construction work of Phase - 1B to L1 firm. EIL further informed that the GFC drawings provided by PSDA were also incomplete, and the drawings were not even complete upto plinth level.

The committee took a very serious view of the non-delivering of GFC drawings by the PSDA. The committee

expressed displeasure to the Architect and asked as to how much more time he will take to submit all the Structural and Architectural drawings. He agreed to prepare the structural and Architectural GFC drawings & submit the same to EIL by 30th September 2016. Further the committee instructed PSDA to submit services drawings to EIL well in advance but not later than 10th of October 2016. He promised to submit even the service drawings by 10th October 2016. He promised to submit even the service drawings by 10th October 2016. If the architect fails to provide the drawings as per committed dates, the committee authorized the university to take a strict action against the Architect to the extent of initiating the process to change the architect as per the agreement.

EIL pointed out that the drawings (Phase - 1B) received from the PSDA are not up to the mark. They do not incorporate the comments raised by EIL. EIL complained that the STAAD PRO drawings prepared by structural consultant appointed by PSDA are not as per the standard norms of STAAD PRO of Engineering & Architectural.

The committee instructed PSDA to recheck his STAAD PRO drawings in the consultation with EIL. The committee asked PSDA to incorporate the changes immediately, if any changes are needed in the drawing. Further PSDA was instructed that it should not take more than one week to incorporate the changes. EIL agreed to it.

EIL also informed that the approval of the building plan for phase - 1B is still pending. PSDA informed the committee that the approval of the plans will be made available by 30-09-2016 as these drawings have been processed and demand note is being issued to CUPB. Further the committee asked PSDA to get the approval of the building plans from PUDA as early as possible.

The Committee also enquired EIL to clarify the validity of financial bid of Phase -1B.

EIL informed that the actual validity of the bid is till 12-09-2016 but in view of the schedule of approval from the concerned authorities, the bid validity has been extended up to 30-09-2016.

To the question as to what if the drawings are not available even 30th September 2016, the EIL opined that they will do needful. However if the architect fails to provide the drawings as per committed dates, the EIL on behalf of University, may take a strict action against the Architect by imposing a penalty as per the agreement. Further, as a last resort, may even initiate the process to change the architect as per the agreement.

The committee deliberated on the submission of EIL and the recommendations of the 23rd meeting of the subcommittee of the Building Advisory Committee. After due deliberations, the committee noted that EIL has followed the prescribed procedure and recommended the award of work to M/s KSM Bashir Mohammad & Sons for an amount of Rs. 68,19,58,917/- plus taxes i.e. below (-) 2.87 % of the estimated cost put to the tender.

Resolve:

The Committee considered the above issues and resolved to:

1. *Instruct PSDA to submit architectural and structural drawings to EIL by 30th September 2016 and services drawings to EIL but not later than 10th October 2016.*
2. *Instruct PSDA that the approval of the Building plans from PUDA will be made available before 30th September 2016.*
3. *Accepted the recommendations of the 23rd meeting of the subcommittee of the Building Advisory Committee (Refer Annexure - E) and also instructed EIL to get the structural and architectural drawings ready before the issuance of the Letter of Award to LI firm.*

It further resolved to recommend to the Finance Committee for allowing the University to award the work to LI through EIL.

Item No. BAC: 32:2016:4

To discuss the progress and monitoring work of the construction of the main campus for Phase-1A and discuss & approve the schedule/PERT chart of Phase-1B.

a. Phase - 1A:

EIL informed that PSDA has submitted 682 "Good for Construction Drawings" out of 683. The drawing of water pump room has not yet been submitted. However it does not hinder the progress of project. Further EIL informed that the overall progress of the construction is 33.2%.

Further EIL also informed that the phase - 1A work is delayed by six months from completion date as per LOA.

The committee asked EIL to explain the reason of delay by around six months in writing and also to fix the agency responsible for the delay, whether it is PSDA or EIL.

EIL informed that the delay in phase - 1A was accounted to short coming in the Phase -1 A tender (Jungle clearance; surplus earth transportation etc.) and non-availability of "Good for Construction drawings" as brought to the notice

of the in 28th, 29th & 30th meeting of Building Advisory Committee.

The committee pointed out that as per the agreement EIL should have examined the tender document. EIL did not examine the tender document thoroughly thus the basic items like Jungle clearance, transportation of surplus earth etc. were missing in tender document.

The Member secretary of BAC informed the committee that at site conversation with contractor, it was observed that many drawings are not available. Further when enquired from Engineer-In-Charge of EIL in this regard at site, no satisfactory justification was put forward for the non-availability of GFC drawings with contractor.

The Committee asked EIL to check the penalty and compensation clauses of the agreement between EIL and Contractor related to the delay in the construction targets. The same should be informed to the CUPB at the earliest.

EIL desired that the issue of transportation and dumping of excavated earth at a distant place may be sorted out at the earliest.

The committee deliberated on the issue and pointed out surplus earth financial implication of approx. Rs. 98 lac is involved. The committee inquired if the prior approval of the BAC for dumping of the excavated earth was taken. There has to be some valid evidence of levelling of the contours and the volume of the earth dumped. The committee also felt that EIL should have checked and rechecked all calculation instead of just forwarding the demand. The committee instructed EIL to recheck the levels of the land as per the original contour plan and also asked to recheck contour levels of the ground where surplus earth has been dumped. The Committee also instructed EIL to provide the back filling of earth calculation with respect to offset from the outer line of the building.

The committee took a very serious view, of not taking prior permission from the client for the transportation of earth at a distant place. The committee instructed EIL that before taking any crucial decision related to any matter which involves any financial implications to the client, EIL should obtain prior permission from CUPB. Further a committee under the Chairmanship of Dean Academic Affairs was made by the Competent Authority with Er. GJS Roshia as a special invitee, to make recommendation as per the case submitted by EIL. The meeting was convened on 15th September 2016 itself at Central university of Punjab at 1430 hrs. The recommendations of the committee are also attached (Annexure - F):

EIL also informed the Committee that as of now 500 workers are working in Phase - 1A project, but it needs 1000 more workers to speed up the work.

EIL assured that all the buildings will be completed by June 2017, except the Academic Block.

The committee showed concern to get the building completed before June, 2017 including academic block, as promised. The committee stressed that Academic block and external service (Development of construction work of Phase -1A) is separate work against a tender Section - A. It also reiterated that without Academic block, Hostels, Student dining and the external services, the university cannot shift. These are our priority buildings. Delay in the date of completion will bring numerous problems, as the university is working from a rented building given by Punjab Govt. for a limited time period. Moreover, the MHRD/UGC is also pressurizing the University to increase the strength of the students which cannot be done in the temporary campus.

EIL presents the photographs of the site in the meeting.

The committee instructed EIL that in every presentation, the date of completion should be written on every photographs of the building.

EIL informed that they have got water sample tested from Shriram Lab, New Delhi. The committee again instructed EIL to get the results of samples of the construction material sent to Shriram Lab and as per Indian Standard code immediately. The result may be informed to CUPB.

The committee also asked EIL to prepare a PERT chart for Phase - 1A & 1B as decided in MHRD meeting with Joint Secretary in the presence of EIL representatives (Mr. Deshpande & Mr. Sanjay Jain) and CUPB.

The University raised the issue that till date four Engineers-in-Charge have been changed by Engineers India Limited. It opined that that it is not good for the project as it amounts to casual approach. EIL has been working hard to achieve the targets but it fails to materialize and finalize the project milestones. There has been failure on EIL part. EIL assured that now onwards there will be no change in Engineer-in-Charge.

Resolve:

The Committee considered the above issues and resolved to:

- a) Take as a priority the construction work of the Academic block, hostels, student dining and external services (Development of construction work of Phase -1A).*
- b) To have no further changes in Engineer-in-charge, EIL.*
- c) Advise EIL to stick to the time schedule and complete the construction work for Phase - 1A by June 2017.*
- d) Ask EIL to submit the PERT chart of all the buildings with planned progress graph and actual site graph by 30th September, 2016.*

EIL and PSDA agreed to the above said resolutions.

Item No. BAC: 32:2016:5

In order to have a smooth running of RA bills of the contractor for Phase-1A, a payment of Rs 15 crore will be made in favour of CUP-EIL ESCROW account (Annexure - G).

Resolve:

Committee noted the payment made to EIL and PSDA as per the term of the agreement.

Item No. BAC: 31:2016:7

To approve the samples of finishing items for Phase - 1A.

The committee asked EIL to explain the status of the samples, as the samples were to be ready by the end of June, 2016 as per the promise made by EIL in the 31st the

meeting of the Building Advisory Committee. But EIL failed to provide samples as per the commitment.

EIL informed that the samples are not yet ready due to non-finalization of samples make.

The committee asked EIL to check the samples not only by its financial aspects but its technical aspect as well. Moreover, the samples of the finishing material will be approved by the CUPB. The Architect and EIL can only suggest the make and the colour of the samples.

Resolve:

The committee asked to submit the samples by 30th of September, 2016.

EIL agreed to the above said resolve.

Item No. BAC: 31:2016:8

To discuss the release of payment to CPWD against service tax of main entrance corridor (Annexure - I).

The University asked the representative of CPWD as to why the quality of the road is not up to the mark. The granite installed in the entrance corridor is cracked at various points. Some portion of the road constructed by them has developed cracks and asked to get it repaired at the earliest.

After the deliberation on service tax, the committee asked to CUPB to get the case of service tax examined by a Legal Advisor and also to consult Tax Consultant to take an appropriate decision. The Committee instructed EIL & CPWD to examine this case at their own level and come up with the solution.

Resolve:

EIL and CPWD agreed on the above said instruction.

Abstract of the Draft Minutes of the Meeting held for approval of the Extra Items in respect of the ongoing works for Construction of the Main Complex , Phase 1A, Central University of Punjab, Bathinda

CUPB placed on record his displeasure regarding the working of the EIL team deputed to manage and monitor the ongoing construction work in the Campus under Phase 1A of the Development Program and in particular the handling of the present issue in which the EIL is acting like a Post Office. This was apparent from the fact that the response of the Contractor with reference to the Institution's Letter No. CUPB/CC/Engg./General/15 dated 27/07/2016 has been forwarded to the University without offering their technical comments and clear recommendations on the issue.

The committee further emphasized that the EIL is not performing its assigned role as Owner's Engineer and is acting like an agent of the Contractor as is clear from the fact that none of the EIL officers present during the meeting could explain the matter to the Committee. The Committee felt that the matter should have been thrashed threadbare and should have placed its clear cut recommendations supported with technical analysis of the issue.

The Committee observed that the EIL Letter No. CUPB/A372/KSMB/003/137 of dated 08/08/2016 did not clarify the fact that whether all the requisite clarification as sought by the University vide its Letter dated July 26, 2016 has been furnished by the Contractor or not nor it indicated the net amount claimed by the Agency viz-a-viz the amount recommended by EIL.

The Committee while going through the information supplied by the EIL observed that almost 50% of the earth work is still to be executed, the EIL has at no stage highlighted the fact that the claimed amount by the Contractor under these extra items includes the work which is still to be executed and that the Contractor has taken suo motto decision for the disposal of the surplus earth remain to be generated in the process. The EIL officers took time to get convinced that a review was required at their level in this regard and only after that review the claim of the Contractor should have been projected for seeking formal consent of the University.

The Committee brought to the notice of the EIL team that while examining the issue there is a dire need to look into the issue in totality wherein earth work excavated, refilled and disposed off at different locations needs to be balanced and the need to undertake a detailed analysis of the issue where the Contractor claims that manual labour has been deployed for handling of the earth up to a lead of 250 metres which from practical point of view does not seem to be feasible. The Ground Contour levels before and after disposal of the Surplus earth should stand testimony to the Claim of the Contractor which needs to be examined by the EIL and in cases where transportation has been done by Mechanical means, the Claim is to be supported by relevant record pertaining to the deployment of the machinery. The Committee also felt that a critical pertaining to the disposal of the Surplus Earth which remains to be executed will definitely lead in substantial cost savings

The Committee desired that the EIL team should first thrash out the matter at its level and in the light of the discussions held today and bring out a clear proposal for any amounts due to the Contractor in this regard and after due verification & consideration of the issues raised by the University in its letter of dated July 26, 2016 and the reply furnished by the Contractor thereof.

The Committee desired that before putting up the proposal again for consideration before this Committee, the entire proposal be shown and got cleared from our Technical Expert who was also present during today's meeting as a Special Invitee.
