Central University of Punjab

About the University

The Central University of Punjab was established in 2009 along with other new Central Universities by an Act of Parliament (No 25, of 2009). Central University has completed a remarkable journey of 15 years. The University was accredited with 'A+' grade in 2023 in the second accreditation cycle by NAAC and has secured 95th, 87th, 84th, 81st, and 100th rank in the years 2019, 2020, 2021, 2022 and 2023, respectively, in the University category of NIRF. It is credited with the highest per capita research funding. The university has the mission of providing a wide range of institutional and research facilities across integrated and cross-disciplines, promoting innovation in teaching, learning and research, and cross-pollinating new ideas, new technologies and new worldviews. It has 31 departments and 11 schools in the Sciences, Technology, Education, Humanities, Social Sciences and Law disciplines. It offers PG and Ph.D. programs in these disciplines.

Preamble

The objective of the programme is to identify and nurture talent for team building along with cultivating leadership skills among faculty members to enhance their effectiveness as leaders. The participants will learn various educational technologies to enhance learning, enabling them to design and develop curricula in alignment with the National Education Policy 2020. The program will also strengthen their critical thinking, decision-making, and research capabilities. Moreover, the participants will gain knowledge of financial rules, equipping them to manage finance within educational institutions effectively.

Programme Objectives

Keeping in view the importance of leadership development in higher education institutions, the following objectives are framed for the program:

- To understand academic leadership and management.
- To foster a research environment among research institutes.
- To realize designing and developing curriculum in the light of National Education Policy.
- To learn about the emerging technologies for enhanced learning in education.
- To understand the management of finances in educational institutions.
- To identify and nurture talent and team building.
- To develop critical thinking and decision- making for the educational institutions.
- To enhance leadership communication skills
- To understand and enhance stakeholders' management in educational institutions.

Programme Outline

The programme has been designed to be conducted offline in a modular format with a special emphasis on interactive sessions, exercises and discussions. A broad outline of the course is:

- Academic Leadership and management
- Fostering research environment among research institutes
- Designing and developing curriculum in the light of National Education Policy
- Leveraging emerging technologies for enhanced learning in education
- Managing finances in educational institutions
- Identifying and nurturing talent and team building
- Critical thinking and decision-making for educational institutions
- Developing Leadership Communication Skills
- Stakeholders' management in educational institutions
