- Registration and Abstract Submission deadline
- 20th September, 2024
- Notification of Abstract acceptance for Oral/ Poster Presentation:
- 21st September 2024

The Host Institution

The Central University of Punjab, has been established in 2009 along with other new Central Universities by an Act of Parliament (No 25, of 2009). Central University has completed a remarkable journey of 15 years. University is accredited 'A+' grade in 2023 in the second accreditation cycle by NAAC and has secured the NIRF rank of **83rd** in University category and **23rd** in the Pharmacy category in 2024. It is credited with highest per capita research funding. Amongst significant research grants, the university recently received 8.60 crore funds from the DST under the aegis of the DST-PURSE scheme. The university has a mission of providing a wide range of instructional and research facilities across integrated and cross-disciplines, promote innovation in teaching, learning and research, and cross-pollinate new ideas, new technologies and new world-views.

National Conference on “Emerging Trends in Cancer Prevention and Therapeutic Interventions”

“Let's Fight Cancer Together”

Organized by

Central University of Punjab, Bathinda
under the aegis of DST PURSE-Scheme

Conference Date and Location
September 26-27, 2024

Seminar Hall, Third Floor, Central University of Punjab

About the Conference

The main goal of the conference is to bring together leading experts, researchers, and clinicians to discuss the latest advancements in cancer prevention and treatment. This event strives to facilitate interdisciplinary collaborations and enable the discussion on latest research findings and clinical trials data that can improve patient outcomes. The conference will highlight novel technologies and methodologies in cancer detection and treatment, and focus on personalized medicine approaches in cancer care. It will also cover the latest developments in pharmaceutical interventions for cancer therapy. Moreover, the event will strive to foster future partnerships between academic institutions, industry, and healthcare providers, to boost the efforts to advance cancer therapy.

Additionally, the conference will provide a platform to the young researchers and students to showcase their work through poster presentation and oral talk and receive inputs from experts in their area. This activity is intended to encourage and guide the next generation of cancer researchers.

Topics to be Covered

- Risk Factors
- Biomarker Discovery
- Current Therapeutic Approaches
- Cancer Genetics
- Cancer Omics
- Drug Design and Cancer
- Ayurveda and Cancer Management
- Natural Products as Anticancer Agents
- Role of AI in Cancer

Who can Attend

- Students (M.Sc./M.Pharm./Pharm.D./M.D./M.S./M.Ch.)
- Ph.D./Research Scholars/Postdoctoral fellows
- Faculties working in the relevant area of specialization
- Industry Personnel

How to Apply

Interested candidates can apply through the registration link and share the payment details with the Organizers.
