

# Geological Field Work - 2019

Chandigarh-Nahan-Dharampur-Subathu-Shimla Sections from 17<sup>th</sup> to 26<sup>th</sup> March 2019

M.Sc. Geology, 1<sup>st</sup> and 2<sup>nd</sup> year students carried out geological field work around Chandigarh-Nahan-Dharampur-Subathu-Shimla Sections from 17<sup>th</sup> to 26<sup>th</sup> March 2019 as part of their curriculum activity. During field work students were visited Museum of Geological survey of India (GSI), Chandigarh and attended special lecture on Himalayan orogeny. Students carried out fieldwork along with geoscientist of GSI for one day and visited Saketi Fossil Park. During this period student spent half day at Department of Geology, Panjab University and their museum.
